# Creating atmosphere With care

*At Duni, our core business is focused on creating a good atmosphere. Reflecting this, we create stylish and convenient products, which meet the demands of today's eco-conscious customers. These show that, for us, quality, safety and environmental standards go hand in hand.*

*To ensure we always operate in the most accountable, resource-efficient way possible, we consistently explore innovative, responsibly sourced materials; work to reduce our usage of raw materials and fossil fuels; support an ethical, quality focused company culture; and take the lead in providing the most sustainable choices the market has to offer.*

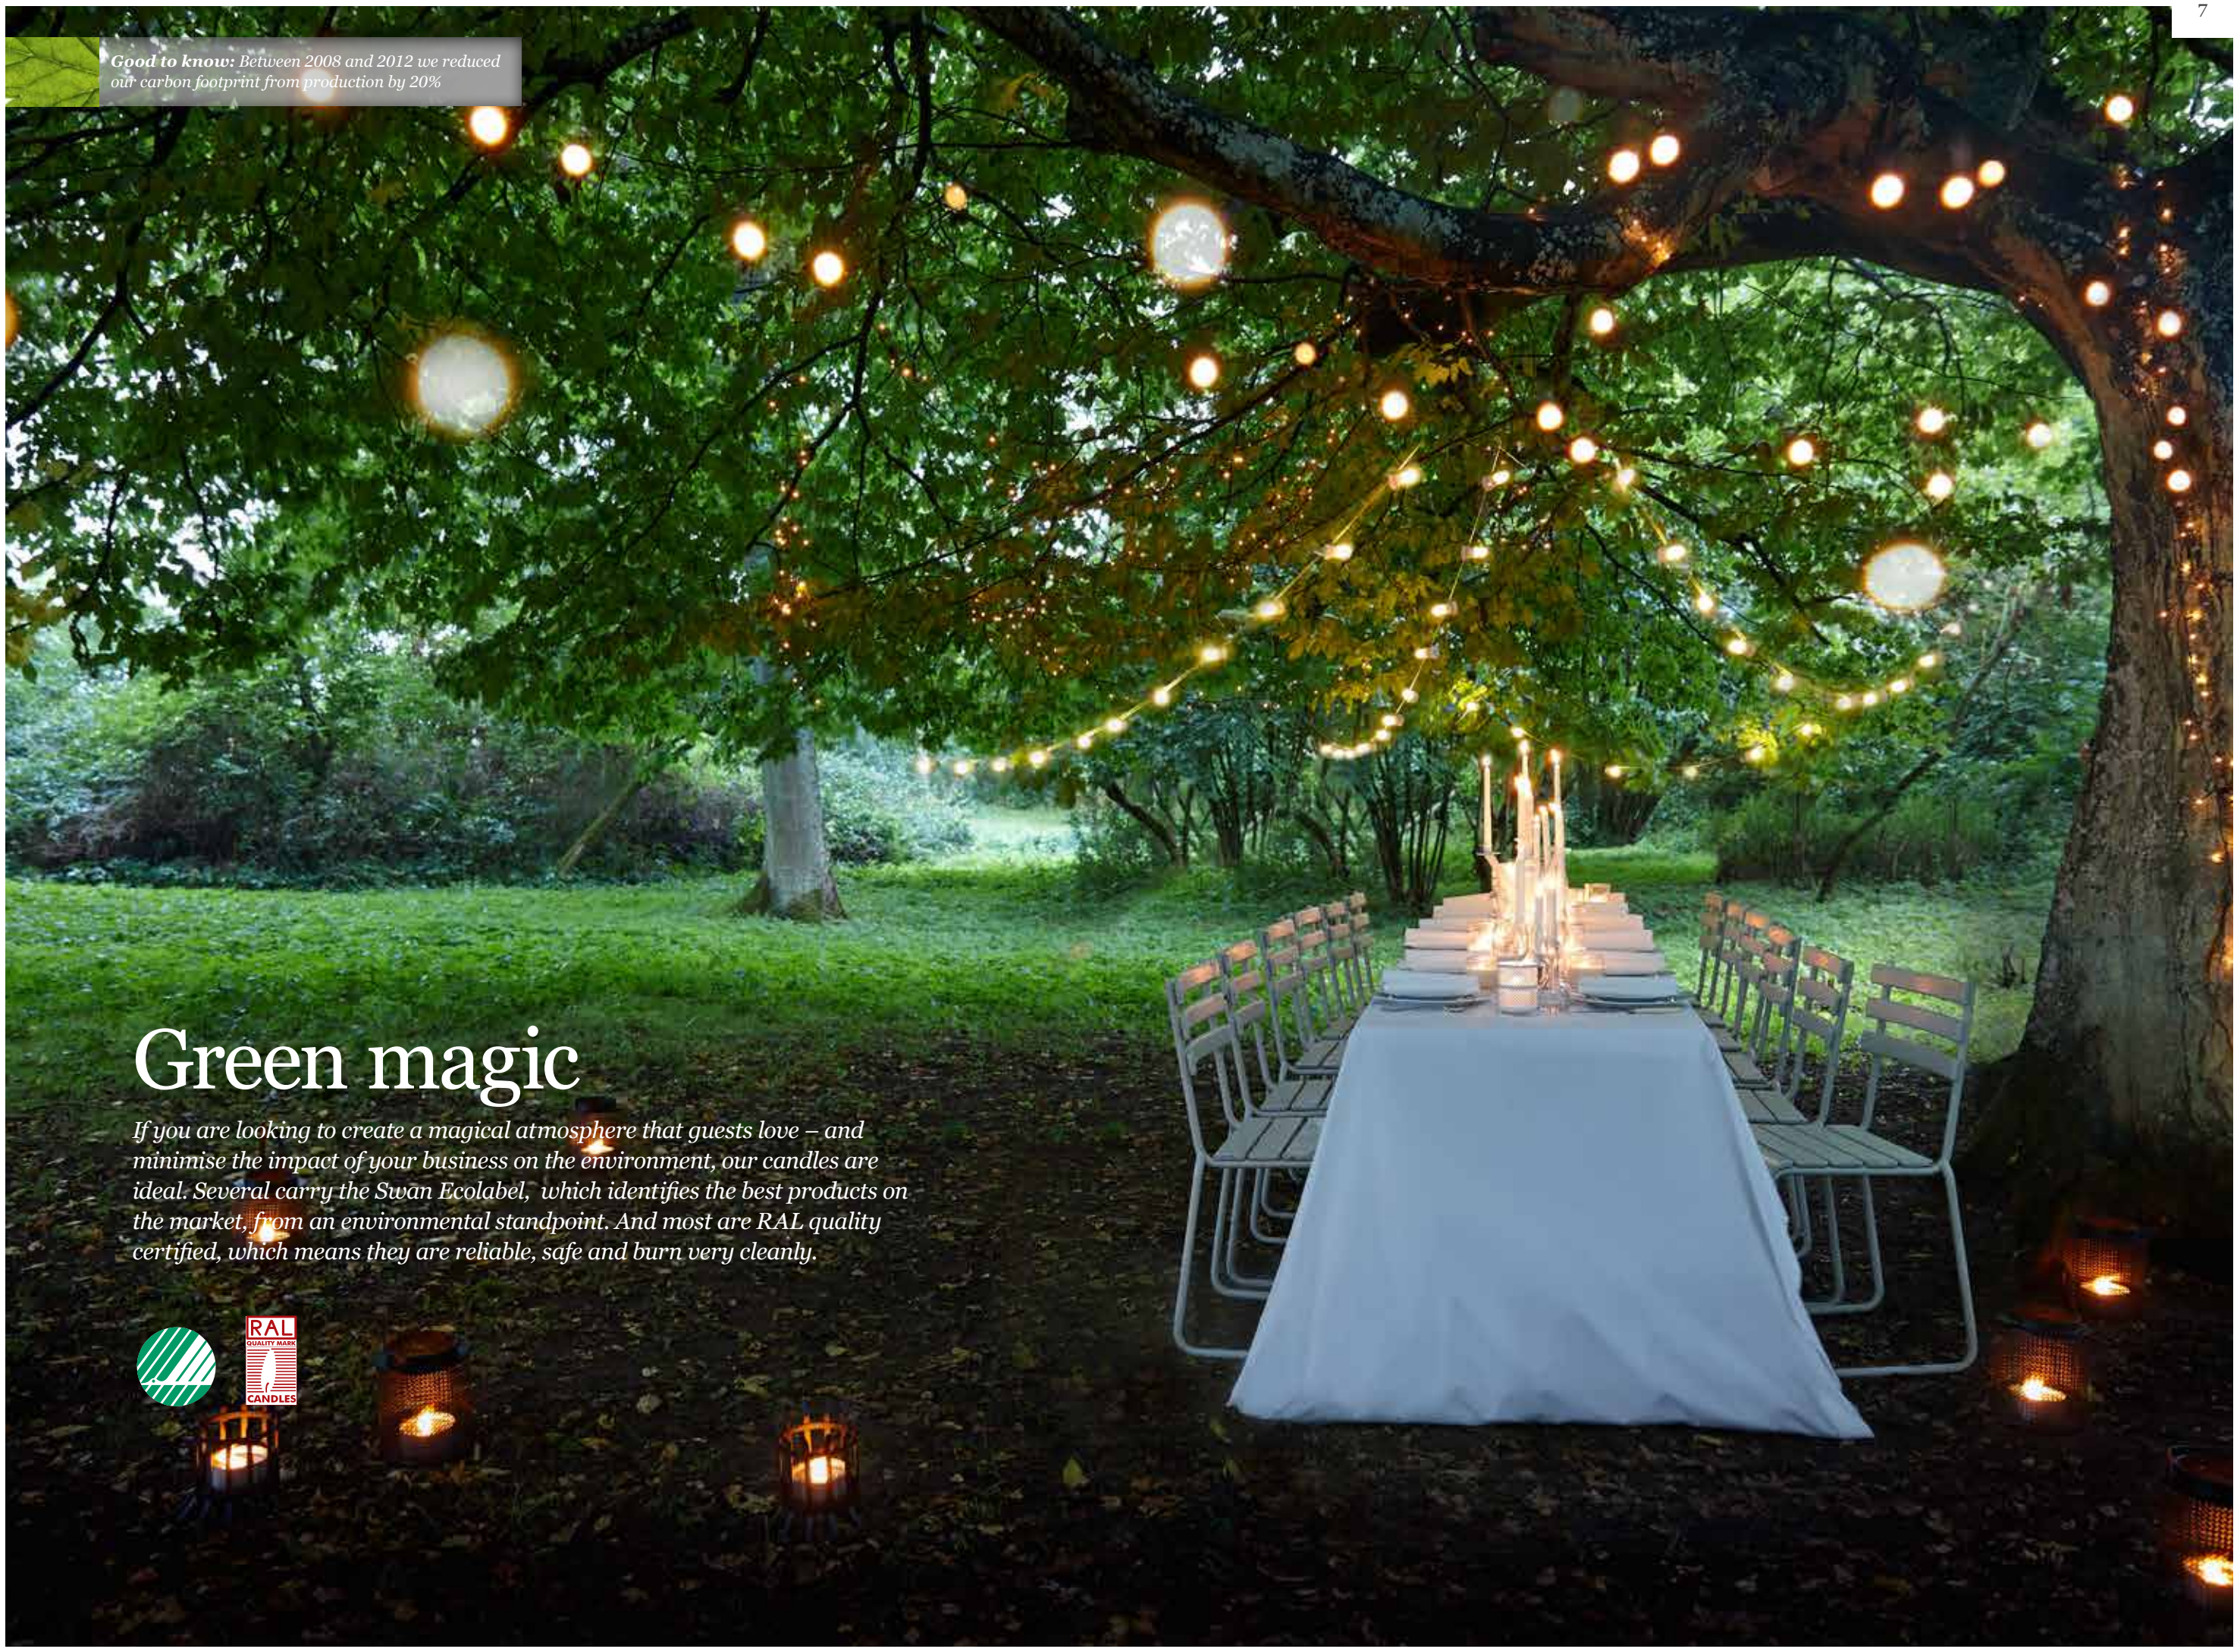

Good to know: Between 2008 and 2012 we reduced our carbon footprint from production by 20%

# Green magic

*If you are looking to create a magical atmosphere that guests love – and minimise the impact of your business on the environment, our candles are ideal. Several carry the Swan Ecolabel, which identifies the best products on the market, from an environmental standpoint. And most are RAL quality certified, which means they are reliable, safe and burn very cleanly.*

# The ultimate in sophistication

Sometimes only the very best will do. For such occasions our **Premium Concept** - the luxurious combination of our linen-like **Evolin®** tablecovers and **Duni Elegance®** napkins, with our 100% stearin **Crown Candles** - works to perfection.

Our Premium Concept allows you to create a high-class mood, without the headaches associated with linen.

**Key benefits:**

- Perfect colours and folds every time
- You only buy what you need when you need it
- Easy storage and no laundry hassles
- No need to check for imperfections

**Good to know:** Reflecting our commitment to sustainability, virtually all our unicolours are compostable

# Design makes all the difference

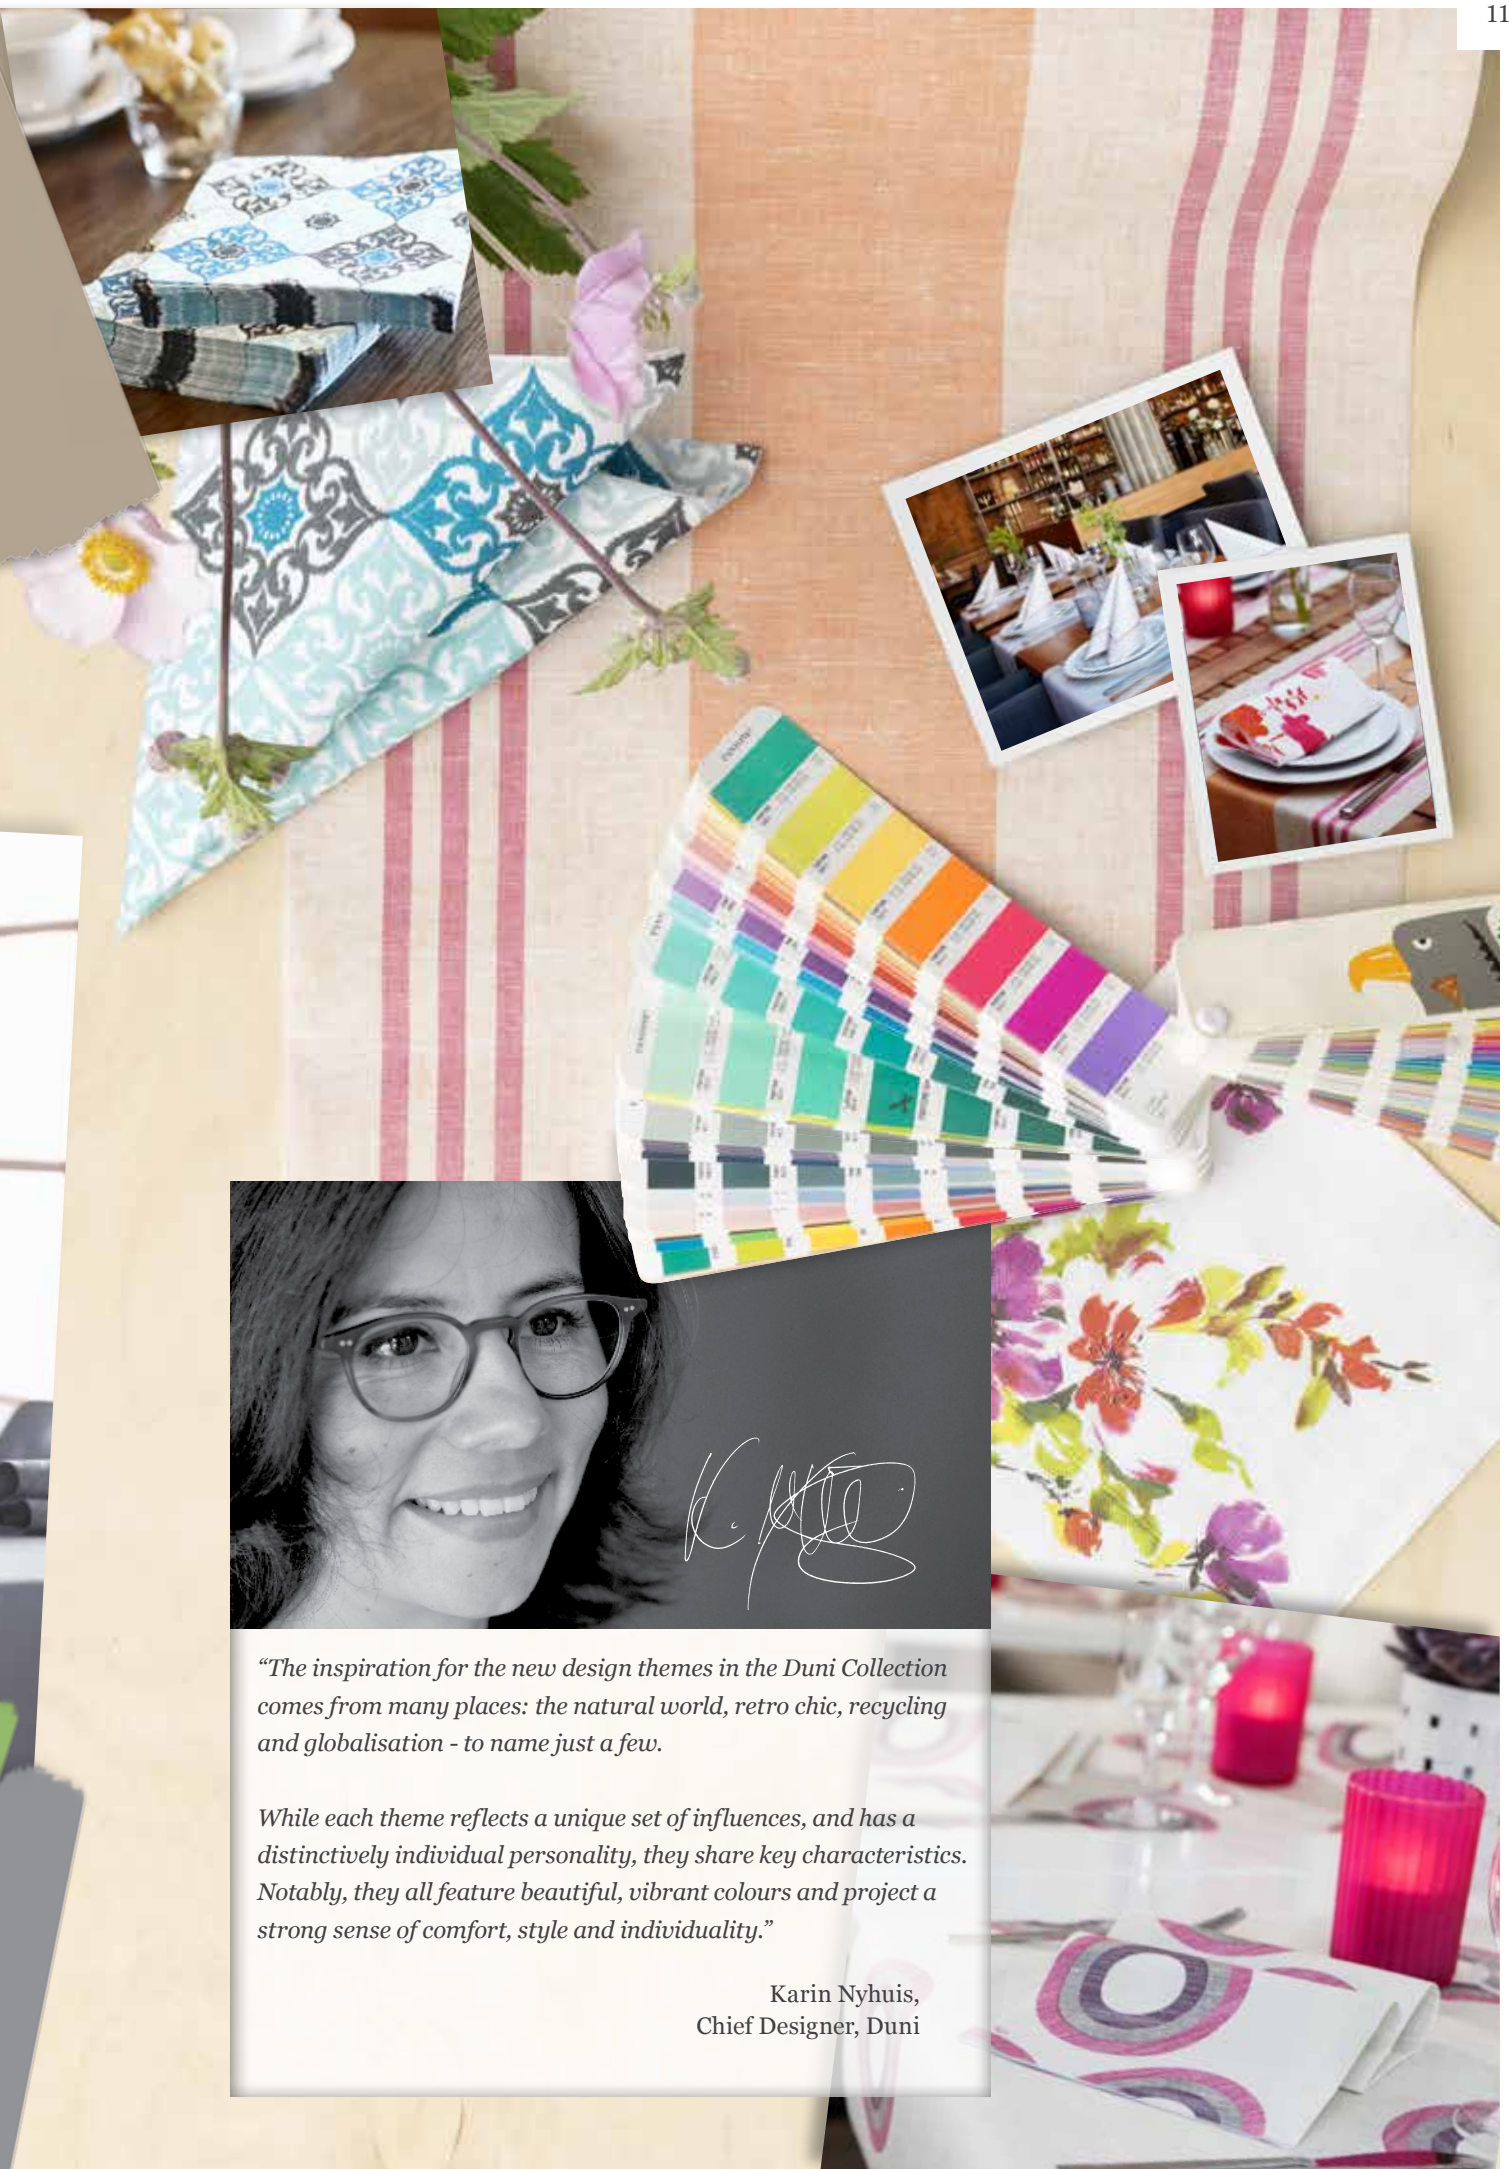

Looking to update the look of your hotel or restaurant? Our collection makes creating stylish and individual decor easy: it offers a complete palette of beautiful unicolours – from vibrant Herbal green to graceful Granite grey – and a wide selection of complementary designs and materials.

So what's the best way to craft a design theme? Start by identifying the colours and the trends that feel right for your establishment. Then simply mix and match from our collection to perfect your look.

*“The inspiration for the new design themes in the Duni Collection comes from many places: the natural world, retro chic, recycling and globalisation - to name just a few.*

*While each theme reflects a unique set of influences, and has a distinctively individual personality, they share key characteristics. Notably, they all feature beautiful, vibrant colours and project a strong sense of comfort, style and individuality.”*

Karin Nyhuis,  
Chief Designer, Duni

## Nature's Evolution

*"Nature's beauty is at the heart of this theme. Wood, sustainable paper and botanical prints combine to celebrate life and create feelings of well-being."*

## A Cosy Way of Living

*"Modern yet traditional, this theme is all about 'ultra-personalisation' and 'do-it-yourself'. Inspired by vintage objects, natural materials, handcraft and recycling, it creates a relaxed, clean and feminine mood."*

## Journey through time

*"This theme highlights the value of traditional techniques and creates an eye-catching dynamic by combining handcrafted objects alongside industrially produced items."*

## Raw chic

*"Down-to-earth and pure, this theme features recycled and handcrafted items, and is characterised by individual imperfections, omnipresent tactile structures and weathered surfaces."*
